## **JULIETTE BINOCHÉ AT 43TFF**

***The Oscar® Winning Actress is going to attend Torino Film Festival to present her first movie as a director and receive the “Stella della Mole” award***

**Juliette Binoche**, Oscar® Winning French Actress among the most appreciated and awarded in the world, is going to bring to the **43rd Torino Film Festival** the Italian premiere of the documentary ***In-I in Motion***, in which she is not only the main character but also develops a new role: for the first time, Binoche is the director.

To honor a long career, marked by successful productions, the performer of unforgettable films such as *The Unbearable Lightness of Being*, *The English Patient* and *Chocolat*, just to mention a few, is also going to receive the **Stella della Mole** award.

For **Giulio Base**, Director of the Festival: “It will be a great honor to welcome Juliette Binoche. In her huge talent coexist elegance and passion, fragility and force, beauty and mystery. Her presence will transform Turin into the pulsant heart of this magic”.

The 43rd Torino Film Festival is going to take place from 21st to 29th November 2025.

In ***In-I in Motion***, Juliette Binoche revivals the audacious theatre performance experience in *In-I*, taken on tour all around the world with the choreographer Akram Khan in 2008. At that time, she left the film sets to immerge herself in an unknown and at times ruthless world: contemporary dance.

**Stella della Mole** is the cinematographic award given to leading figures from international cinema who have contributed significantly to the world of the seventh art. It’s a celebration of arthouse cinema and artistic creativity that honors anyone who has left an unforgettable mark on a worldwide cinematography panorama.

The **Torino Film Festival** is powered by the **Museo Nazionale del Cinema di Torino** and it is carried out with the contribution of the Ministero della Cultura - Direzione Generale Cinema e Audiovisivo, Regione Piemonte, Città di Torino, Fondazione Compagnia di San Paolo, Fondazione CRT.
